I. PHILOSOPHY

As family child care providers, our goal is to provide a safe and happy place for children where they can learn and grow physically, emotionally, intellectually, and socially at their own pace. We believe children learn through play and benefit from a structured yet flexible schedule. Activities will be offered which stimulate sensory motor development, language development and social interaction. The development of strong self-esteem is also a major goal. Children will be taught to respect each other, adults, and property.

II. COMMUNICATION

Communication is very important to us. When we accept a new family into our business, we like to be sure that we can share openly any concerns or questions that may arise. It is important that there is a similar childcare philosophy between us. We welcome questions, feedback, or discussions of any kind that are oriented towards a positive outcome for the child(ren). Sensitive issues will be discussed in private outside of regular childcare hours either by telephone or conference.

Conferences will not be scheduled as a routine part of your child's care; however, should you like to have a conference, you may request one at any time.

You are encouraged to call us at any time between the hours of 7:00 am.-9:00 pm If you call during the day, please be aware that we may be busy with the children and may not be able to answer the phone. If you leave a message on our voice mail, we will call you back as soon as possible. The best time to call during the day is during our daily quiet time.

We look forward to a terrific relationship with you and your child!

III. ENROLLMENT PROCEDURES

- Ages of admission are birth through 12 years of age.
- We attempt to be flexible in our enrollment policies to suit the needs of individual families.

- Failure to complete and sign any required forms
- Lack of parental/guardian cooperation
- Failure of child to adjust after a reasonable amount of time
- Our inability to meet the child's needs without additional staff
- Gross misconduct on the part of the parent/guardian or child

E. TRIAL PERIOD

All new children will be cared for on a 30-day trial period beginning on your child's first actual day of care. During that time the parent/guardian or provider may terminate the childcare agreement with 24 hours notice. After the trial period, a two-week written notice is required by either party to terminate the agreement. As a reminder, your registration fee is non refundable.

X. INFANT/TODDLER NEEDS

A. TYPICAL DAILY SCHEDULE

The Infant/Toddler schedule follows along the same guidelines as the above schedule with the addition of diaper changes and quiet time. Infants will take a morning quiet time.

B. DIAPERS

Changes are scheduled for every 1-1/2 to 2 hours with the exception of quiet time in which case each child will be diapered as soon as he or she awakens. In addition, a child will be changed when needed. Diaper changing procedures will be followed as posted in the changing area.

Diapers are provided by the parent/guardian. If at anytime diapers are not provided, we will provide diapers at a rate of \$1.00 each.

C. TOILET TRAINING

When you feel your child is ready for toilet training, we ask that you begin this teaching at home during a weekend or vacation. We will follow through and encourage your child while in our care. Toilet training will be done in a relaxed manner with the cooperation of the family. **We require that the child must show signs of readiness.** Please keep in mind that the activity level here can distract your child from responding to an urge to use the potty, more so than at home. Therefore, we will continue to use pull-ups until your child can and will announce that s(he) must use the bathroom (not just at home, but here, as well.) Please provide 2-3 extra change of clothing. You can leave outfits in our care and we will rotate and wash them here. (Don't forget the socks!)

D. BACK TO SLEEP

Placing babies on their backs to sleep reduces the risk of Sudden Infant Death Syndrome (SIDS), also known as "crib death." All babies will be put on their backs to sleep at Dash Point Highlands Child Care and Learning Center.

E. DAILY REPORTS

- may be written about your child's activities upon your request.

F. BI-YEARLY EVALUATIONS

- may be observed and recorded upon your request.

XI. BEHAVIOR MANAGEMENT & DISCIPLINE POLICY

When a child is having a difficult time following directions or treating others or equipment with respect, developmentally appropriate guidance techniques are used. No corporal punishment will be used or tolerated. Techniques used are as follows:

- Positive Reinforcement: The child will be encouraged when he/she is demonstrating acceptable behavior.
- Redirection: The child is redirected to another activity and given an opportunity to try again at another time.
- "When... Then" Statements: A statement in which the child is encouraged to accomplish something before going on to something else. Sample: "When you finish picking up the blocks, then you can go outside."
- "If... Then" Statements: A statement in which the child is encouraged to make a positive choice. Sample: "If you pick up the blocks, then you can go to the Dramatic Play area."
- Take A Break: The child is separated from the group for a child-regulated period of time. This technique is used only when a child is exhibiting temper tantrum type behavior or hurting self, others, or equipment. When the child shows that he/she is ready to demonstrate acceptable behavior, the child is encouraged to join the rest of the group and try again.

XII. MEALS & SNACKS

A. NUTRITION

All meals are nutritious and are served according to federal nutrition guidelines. Children are never expected to clean their plate, but are asked to try everything just once. If your child has any allergies please let me know. **Due to allergies, at no time should your child bring food from home unless pre-approved and enough is brought for all.** Please allow your child time to finish all uneaten food prior to arriving inside Dash Point Highlands Child Care and Learning Center. If your child wishes to bring an occasional treat, please call us to verify quantity and approved foods. All treats must arrive in sealed packages. We practice manners at childcare. We use thank you, please, your welcome and many more!

J. CARE OF ANIMALS

Dash Point Highlands Child Care and Learning Center does have pets on the premises that are well groomed and maintained in a healthy and safe environment. Children will wash their hands before and after handling or petting the animals. Parent/guardians who have children with known allergies to furry animals must alert me immediately.

K. FACILITY MAINTENANCE

It is our practice at Dash Point Highlands Child Care and Learning Center to discard any recalled toys, items or equipment as a safety precaution. All toys are kept in working order and safety inspections are conducted regularly.

Additionally, our play space and learning environments following licensing requirements regarding minimum space-this means that each child has an adequate space to play, explore and nap, unlicensed areas are kept inaccessible to children. To keep a comfortable environment, indoor temperature is maintained between sixty to sixty five degrees between napping and waking times.

As required by licensing, all exits are free and clear, windows with pull cords have been removed and emergency exits are all accessible. All electrical outlets in licensed areas have safety coverings, we use eco-friendly lighting and coverings and appropriate locks on all doors and windows.

All hand washing are equipped with warm running water, proper waste equipment which are cleaned regularly.

Our outdoor licensed play area is regularly supervised when children are present and is an adequate enough space so that children can have a comfortable play space while in a group or individually.

XVII. HEALTH CARE PRACTICES

A. WASHING/SANITIZING

In an effort to keep the participants in our program healthy, we take appropriate measures to reduce illness and keep maintain cleanliness. Every week toys, napping cots and furniture are washed with antibacterial soap, sanitized with a diluted bleach solution, rinsed and air

dried. Also, at the end of each work day, the floors are swept, vacuumed and mopped as needed.

B. LAUNDRY

Bibs, sheets, towels are laundered after each use. We require that a parent take home their children's blankets and clothes each week to launder them and return them. We do not do children's laundry. If a child has soiled a clothing item, we will place it in a tied plastic bag and place it in a child's cubby to be taken home that day.

C. HAND WASHING

The most common, effective and preventive practice to avoid illnesses is hand washing. Every child and adult in the program follows the hand washing steps as directed by the Public Health Nurse. We wash hands when entering the classroom, before and after preparing bottles or food, before and after eating, changing a diaper, administering medicine, after touching bodily fluids or excretions and as needed throughout the day. In between hand washing, we use an alcohol based hand sanitizer.

XVIII. TRANSPORTATION & FIELD TRIP ARRANGEMENTS

- Parent/guardians will provide transportation to and from the facility, except in special circumstances.
- Written authorization is required for parent/guardian to fill out before their child may attend a field trip including walks to the local parks.

XIX. ADJUSTMENT

A. WHAT IS NORMAL

It is normal for your child to have some fears and misgivings about being away from you. Children, like adults, need time to get used to new situations. Try to prepare your child for the changes as far in advanced as possible. Discuss any concerns. Talk about some of the new people your child will meet and the new things your child will do. If you are enthusiastic, soon your child will be too.

B. FIRST EXPERIENCE

If this is the first time your child has been separated from you, it is natural for he/she to be hesitant. A cheerful good-bye kiss, a smile, and a reassuring word that you will be back after work is all you need to do. Our caring staff will take it from there. Please do not sneak out when your child is not looking. Usually the child will settle down shortly after you leave.

C. COMMON BEHAVIORS

Depending on their age, some children will "act out" their feelings by:

- Clinging to you and refusing to let go
- Having tantrums
- Forgetting their toilet training
- Not eating
- Waking up at night or having bad dreams

- Thumb sucking
- Bed-wetting
- Expressing desire to stay home

D. WHAT TO DO

Usually these problems are temporary. If your child is treated lovingly but firmly, this behavior should go away. Please feel free to text us at any time after you arrive at work. Chances are that your child will be busy playing and you can relax and concentrate on work.

XX. CHILDREN'S SUPPLIES, & VISITATIONS

A. CHILDREN'S SUPPLIES

Parent/guardians are requested to supply those items necessary for the proper care of your child:

- A COMPLETE change of clothing for each child
- Sneakers to be left on site
- Wipes (you may pay a one time fee of \$25)
- Diapers*
- Sun screen during summer months
- Necessary medications (refer to Medications section)
- Substitute food (for children with food allergies)
- PLEASE LABEL ALL ITEMS

* Diapers are provided by the parent/guardian. If at anytime diapers are not provided, we will provide diapers at a rate of \$1.00 each.

B. PERSONAL BELONGINGS

No toys should be brought from home. They create problems with sharing, as well as broken hearts when that toy gets lost or broken. Small toys also create a hazard to our smaller children. We are not responsible for lost, broken, or stolen objects that are brought from home.

C. VISITATIONS

We have an "open door" policy. Parent/guardians have free access at all times to all areas used by children. The only limitations to this policy are contained in Washington State Law (WAC 388-150-440) which states:

During facility operating hours or while the child is in care, only the licensee, employee, volunteer, or an authorized representative of a governmental agency, or parent shall have unsupervised or regular access to the child in care.

We will allow the parent/guardian of the child in care unsupervised access only to their child.

D. NO SMOKING POLICY
